WE ARE YOURS FOR BUSINESS.

WARONKER BROTHERS,
Lutesville, Missouri.

Monday, September 7, is day, but if any preparations have been made to observe it here, we have not heard of it.

A sick man of Europe seems to be looking around for somebody to draw his last breath and certainly ought to be accommodated.

Root, secretary of war, has accepted his resignation has been accepted by the president. said that General Taft is slated for the place.

James A. Reed of Kansas will speak at Dexter next Friday. Mr. Reed is a candidate for democratic nomination for governor and is an able man.

Whybark who made the for Judge of the Supreme Court year is now mentioned as a senatorial possibility. Friends of excellent gentleman are sorry this political mirage loom up for him. Missouri is a veritable arena for the republican party. Lutesville Sun.

Trials of Senators Farris, and Matthews, under indictment at Jefferson City for bribery connection with the alum legislation of the last legislature, have continued until the first of September. Senators Farris was and got a continuance on that and he was wanted as a witness in connection with the trials of the others.

Turkish soldiers are committing horrible atrocities in Macedonia, and a few days ago a cable announced that United States Consul William C. Magelsen had been assassinated at Beirut, but later news failed to confirm the story. The president has ordered the European squadron of the navy to proceed at once to Beirut as a precautionary measure, and to take care of Uncle Sam's interests in that part of the world.

Too Much Roosevelt, Etc.
Dr. H. D. Guedry, member of the Louisiana State Republican Committee, resigns his position and quits the field. He says:

"Under McKinley there was no question; under Roosevelt it was a black cloud that loomed ominously and is daily assuming the deadly funnel shape of an approaching cyclone."
"No self-respecting republican who loves his race, his home and the principles of his party can longer affiliate with a party that stands for social equality with the negroes, it matters not what his views on economic questions may be."
—Jackson Cash-Book.

STATE AUDITOR A. O. ALLEN and lady, enroute to New Madrid, stopped off here last Sunday. He is looking back and hearty—so much so that one must conclude that the "arduous" duties of the auditor's office agrees with him at least physically, and, from the run of his conversation we presume he would not object to a reelection. Captain Allen has made an excellent public official and if there isught against his record or official character we have not heard of it, and, so far, there seems to be nothing in his

way. Captain Allen is always one of the people and they are ready to honor him again. They were the guests of Hon. Robert Drum while in town.

We have received a communication from the railroad commissioners of Missouri in which it is stated that they will "hold public hearings at the Coates House, Kansas City, October 6 to 9, inclusive; and the Southern Hotel, St. Louis, October 13 to 16 inclusive, at which time both the railroads and the public will be given an opportunity to be heard." They are anxious for shippers to attend these meetings so the board may be able to learn their views in regard to the matter. Compared to the rates prevailing in other states it is claimed that the people of this state are entitled to reductions. The people are certainly entitled to some sort of uniformity at least. We know that our own bills show that there is quite a difference, frequently, in the bills for practically the same kind of freight.

"We received a very mysterious postal card from the Smith Printing Co., at Springfield, wanting to buy the Missouriian. It is supposed that the same thing was sent to all country newspapers, as the postal card was printed. But what does it mean? It is being acknowledged that the country papers are potent factors in the molding of political issues and deciding the destinies of men and measures in politics. Can it be that there is a syndicate established to get a corner on country newspapers in order to shut off the growing popularity of a candidate, and promote the interests of others? It looks that way. No, we don't want to sell, Mr. Smith, or at least not until we assist in landing Folk in the governor's chair of the state of Missouri."
—Southeast Missouriian.

We received the same thing and made them a price, but so far have had no reply from them. It seems like we saw the Missouriian in that list of papers put down in the St. Louis World as having no standing! How do you expect to help land Folk in the governor's chair?

Voice of the People.
Whatever the people want—and want hard enough and long enough—will be accomplished. Whoever the people want nominated for any office—and want hard enough long enough—and ring and boss will eventually bow to the terrible power of public opinion or be broken to pieces by it.

In Missouri just now the people are aroused. The political party which undertakes to override the people will be vigorously beaten. It will deserve to be beaten, for what cause have political parties for existence except to carry into effect the wishes of the people? The set of men, great or small, who stand in the way of a fair expression of the popular desire are doomed to defeat. Let not the democratic party nor any of its honest and able leaders make the fatal mistake of butting a Juggernaut. The people are sovereign. The democratic party has never failed to trust them. It is too old in the service of the people to take any other

course now.—Caruthersville Democrat.

The St. Louis World gave a list of democratic newspapers, in its issue of last Sunday, for Circuit Attorney Folk for governor in which is named 41. Now we know that several of our exchanges which the World failed to put on this list have been fully as outspoken for Mr. Folk as has the Press. Nor is this the only inaccuracy that appears in the list: The Potomac Independent is on the list that is said to be opposed to Mr. Folk and it also appears in the list that is put down as being "still on the fence." The Times, Marble Hill, is in this last named list too and instead of being "on the fence," it ought to have been "on the shelf," for there has been no such paper here for more than a year. It has the Caruthersville Scimitar on this, "on the fence" list too when there is no such paper at Caruthersville. We don't know how many more inaccuracies appear in these lists, but it is quite reasonable to suppose there are others. In its editorial on this subject the World goes beyond the bounds of prudence when it says that the papers put down for Folk have no standing. Such statements as that will neither injure Mr. Folk nor the newspapers.

Southeast News.

This is Fair week at Dexter. Flat River had quite a destructive fire recently.

Ed Roudleman, 17 years of age, of Wolf Lake, Ill., was run over by a switch engine in the Frisco yards at Cape Girardeau the night of August 20, and instantly killed. He was there seeking employment.

Jackson Cash-Book.

The young man, Tom Wills, against whom there were five indictments for selling "hop tea" without license, was tried by jury on the first indictment and his punishment fixed at \$250 fine. The case against the defendant appears to have been a strong one and the prosecuting attorney deserves credit for the able and skillful manner in which he tried to make an example of the defendant by having the law enforced. A chemist, Prof. Hyde, was brought from St. Louis to analyze "hop tea" and settle the question as to whether or not it is an intoxicating drink. This chemist did, his analysis showing that "hop tea" and beer are about the same thing, one having as much alcohol in it as the other.

Zalma.

News is rather scarce. The family of A. S. Rainey had a siege of sickness the past month, but all are up again.

John Barrow of Brownwood had business here one day last week. All the new buildings here are nearing completion and our town is one size larger.

Sam Feltingbarger is building a new livery stable near the foot of the bridge. It will be an up-to-date structure.

Eq. Henry Gaines returned from a visit to St. Louis last Friday, going thence alone and bringing back a wife. The bride was Mrs. John Simpkins, of Indiana, formerly of this place.

John Cargle and Miss Lucy Payne were married here last Sunday, Esq. Helton tying the nuptial knot.

Joe James moved, last Saturday, into the property vacated by John King, where he and his wife have gone to housekeeping.

Mrs. John King and children left last Monday for Malden and Kennett, at one of which places they intend to make their future home.

The whooping cough has made its appearance among the children in our vicinity.

Andrew Gaines has moved into his residence on his farm.

A subscription was made up here for a public well. The work of digging is well under way, and water has been reached at a depth of twenty feet. The well is near the saloon and the presumption is the water will taste of beer.

The wife and baby of Dan Fish, who had been very sick of typhoid fever, are able to be up again.

Corbin's sawmill is running on full time, they being hardly able to supply the demand for lumber.

Mahlan Cox is working the roads in our district and town.

A daughter and son of Marion Lacy are very sick of typhoid fever.

Rev. J. C. Hembree bought the farm of Wash Fields and will move to his new possession in a short time.

P. E. Richards, now of Lutesville, was in our town last week; he is finishing up his road contract.

Our public school will begin next Monday. It has not been decided whether one or two teachers will be employed.

German Syrup.

We want to impress on our readers that Boschee's German Syrup is positively the only preparation on the market to-day that does relieve and cure consumption. It contains the specific, such as pure tar, extracts of gums, etc., which have been so highly endorsed for the cure of coughs, colds and consumption by the great medical congress.

The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be freed from the spasms of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc.

German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25 cents; regular size, containing nearly four times as much, 75 cents. At Dr. S. M. McAnally's.
